Professional Summary

NLP Research Engineer with 3 years of experience developing semantic search and information extraction systems.

Skills

Python, NLP, Natural Language Processing, spaCy, PyMuPDF, scikit-learn, Deep Learning, PyTorch, NumPy

Education

Ph.D. Computational Linguistics, Massachusetts Institute of Technology, 2023

M.Sc Artificial Intelligence, University of Edinburgh, 2019

Certifications

Deep Learning Specialization Certificate - DeepLearning.AI, 2021

Natural Language Processing Specialization - Coursera, 2020

Projects

Semantic Resume Search

Designed a semantic search prototype using spaCy, PyMuPDF, Python, and scikit-learn for candidate discovery.

Entity Extraction Toolkit

Built an NLP toolkit for education, certification, and project extraction from unstructured documents.

Experience

NLP Research Engineer, LanguageWorks AI, 2023 - Present

Research Assistant, MIT CSAIL, 2020 - 2023
